

2019 PALS FACTS SHEET

THE MISSION

PALS promotes joy, quality of life, better health and empowerment by providing therapeutic programs with horses.

THE VISION

By providing a caring, safe and challenging environment PALS will foster growth and individual achievement of all participants that will enable them to reach their highest potential.

SLOGAN

Making Strides, Changing Lives

ORGANIZATION BACKGROUND

Founded in 2000, PALS is a 501(c)3 non-profit therapeutic riding center located in Bloomington, IN. Since its inception, PALS has provided over 18,500 hours of therapeutic equine programs. It is the only organization in Monroe County to have a Premier Accreditation distinction from the Professional Association of Therapeutic Horsemanship International (PATH Intl.) and is the only Equine Assisted Activities and Therapy program in the surrounding area designed to improve the lives of hundreds of individuals facing challenges in the Indiana community. PALS is a United Way Member Agency and Indiana Horse Council members. PALS has operated out of its very own facility since 2013.

PALS' SERVICES

PALS provides year-round Equine Assisted Activities and Therapies (EAA/T). EAA/T promote the use of the horse as a treatment tool in therapeutic sessions for individuals living with disabilities. Therapeutic riding, often considered a sub-type of animal-assisted therapy, consists of mounted activities that may involve traditional riding disciplines or adapted riding. PALS' sessions are designed to meet each client's individual needs. PALS works in conjunction with a client's personal physicians and therapists to develop a treatment plan consisting of quarterly goals. Therapeutic services at PALS are designed to positively contribute to the physical, cognitive, social, and emotional wellbeing of clients.

PALS' Clients PALS serves individuals ages three and up from six counties across the state with a variety of disabilities, impairments, and chronic illnesses including, but not limited to: ADHD, Autism Spectrum Disorders, Anxiety Disorders, Cerebral Palsy, Intellectual Disability, Learning Impairments, Multiple Sclerosis, Muscular Dystrophy, Post Traumatic Stress Disorder, Speech Impairments, Spina Bifida, Spinal Cord Injuries, and Stroke. PALS also has programming for at-risk youth, individuals recovery from substance use disorder, senior citizens, and veterans.

2019 PALS FACTS SHEET
